Two other major events of interest to buyers and consignors at the Black Hills Stock Show, are THE BLACK HILLS EXPOSITION, which will be held in August, 1967 and the Western Junior Livestock Show and Home Economics Show in October. These two events are indications of further interest by Rapid City business community in improving livestock quality in this area.

## **Terms and Conditions**

The Black Hills Winter Show, sponsored by the Rapid City Chamber of Commerce, solely in the interest of improving quality and increasing livestock numbers in the upper-mid-west area, takes pride in presenting this offering of **QUALITY PUREBRED LIVESTOCK**.

Through the cooperation of the respective breed associations, every effort has been made to produce only such consignments that are a credit to their association.

## TELLING THE STORY

The South Dakota Stockgrowers Association has published a COMMERCIAL CATTLE BUYERS GUIDE. This directory is being widely circulated to a large number of cattle feeders, commission companies, and cattle buyers.

*It will aid the man that wants to buy cattle to locate your ranch by giving specific directions.*

*It tells buyers how many and what breed your calves, yearlings and twos are before he gets to the ranch or calls.*

*The Stockgrower's office will supply information of cattle for sale for those feeders, order buyers, market men and others who want information.*

Members of the Association may list cattle free. The Directory was sent this year to interested people on September 1.

The Directory has been sent to thousands of buyers in Iowa, Minnesota, Nebraska, South Dakota, Kansas, Missouri, Illinois, Ohio, Colorado, and many other states.

Plan now to help the Association promote South Dakota's good cattle.

A certified Anxiety 4 herd bull prospect by our Ton of Quality herd sire. A full brother topped our sale in Douglas, Wyoming, last year and a full sister is one of our replacement heifers.

We consider ROYAL LAMPLTR XL511 a top herd bull prospect. This certified Anx 4th bull has size, substance - a breedly head - and is correct on his legs - as are the majority of his brothers and sisters. His dam is one of our top producing brood matrons. His 1/2 sister is selling carrying service. We believe they are worthy of your consideration.

This bull is probably one of the top individuals to be entered in a show and sale during the 1966-67 season. His dam is a full sister to the top selling bull at the Black Hills Stock Show in 1964. His sire is HUSKER DOMINO, now in service at the Bartelson Brothers Ranch. His quality, conformation, and breeding will speak for itself.

## — THE STORY —

At the National Stockman's Exposition in 1884, Maureen O'Hara arrives from England with her daughter, Juliet Mills, and a hornless Hereford bull which she hopes to sell for breeding purposes to the Texas Longhorn Cattleman. The hornless bull is sold to Brian Keith. Enroute to Texas, James Stewart, a saddle tramp, who is to deliver the bull to Keith, is stampeded by some roughnecks planning to steal the animal and, in the fracas, Keith's son, Don Galloway, is injured. Maureen and Juliet also go to the Keith's ranch and the bearded owner falls for the mother while the daughter nurses young Galloway. The little bull is set loose on the range and during the snowy winter is lost, as Stewart tries to find the animal. When found, the bull is dead and Maureen is resigned to marrying Keith until Stewart reappears with a tiny Hereford calf. She decides to stay in Texas with Stewart and raise the Polled Hereford breed.

We predict this bull to make a herd bull and like many of his outstanding features. He certainly has the modern touch of trimness, straight, extra loin, red meat and muscle. Also, has ample yellow hair. He has a good rear quarter, straight legs with lots of bone and has a breedly head. Since he is a heifer's 1st calf & never was pushed, he should mature out as a big strong bull.

This bull carries the famous Beau Rollo Lamp 2 pedigree who is presently serving in the Ric-Car-Bar Polled Hereford Herd in Raymond, Miss. This lot is also a heifers 1st calf and always looked the part of a herd bull from the time he was born. This bull is yellow, good haired, straight, trim, very correct and could make a breeding bull.
